INTRODUCTION

Welcome to the Red Hat Partner Program. As market demand for enterprise open source solutions continues to increase, Red Hat looks forward to partnering with you to provide superior solutions to your customers. Whether your focus is on datacenter infrastructure, cloud, big data, or middleware, you will find opportunities to sell Red Hat technologies as you build successful practices.

The Red Hat Partner Program is the foundation for the relationship between you, the marketplace experts, and Red Hat, the world's leading open source company. Our partners play an integral role in our go-to-market strategy and overall success. This program is designed to help you develop successful enterprise open source practices and solutions.

The Red Hat Partner Program Guide is your complete resource to partnering with Red Hat. In this guide, you will find:

- An overview of the Red Hat Partner Program
- A description of the benefits and requirements for each membership level
- Information regarding the application and enrollment process

"Multi-tiered access with three partnership levels offer a variety of benefits and increase your access to marketing, sales, and training benefits"

DISCLAIMER

This Red Hat Program guide (the "guide") provides an overview of the **Latin America Partner Program**. The terms that govern the program are contained in the Red Hat Partner Agreement (the "agreement") entered into between Red Hat and each partner participating in the partner program (the "solution provider"). All terms not otherwise defined herein shall have the meaning set forth in the agreement. The current version of this guide will be made available to partners on the Red Hat Partner Connect at <http://connect.redhat.com>. Partner program benefits and requirements are applied based upon the country in which the partner is located. To the extent that this guide is translated into any language other than English, the English version of the guide will prevail over any inconsistencies with a non-English version of the guide.

Red Hat may require occasional corrections or updates to the guide and reserves the right to make such corrections or updates from time to time and to post such updates to the Red Hat Partner Connect.

PARTNER PROGRAM OVERVIEW

The Red Hat Partner Program is a multi-tiered partner model with three partnership levels. Each level offers access to a variety of benefits that help develop your expertise and increase your capability to sell and deliver Red Hat technologies. As your commitment to and knowledge of Red Hat technologies grow, the benefits you receive from Red Hat will also grow.

Upon successful application and admittance to the Red Hat Partner Program, you will gain access to an array of benefits via the Red Hat Partner Connect . As a Red Hat Partner, you are eligible to receive marketing, sales, and training benefits designed to assist you.

MEMBERSHIP

Application Process

To enroll in the Red Hat Partner Program, please visit Red Hat Partner Connect at <http://connect.redhat.com/> to access the application. Complete the application profile and assent to the Red Hat Partner Agreement. If you prefer to sign a hard copy of the agreement, you may print out the agreement, sign it, and return it to Red Hat. Further instructions are provided with the agreement.

Membership Renewal

Red Hat Partner Program membership is for a one-year term. For partners maintaining good standing within the program and compliance with objective criteria, membership will automatically renew. Partners who have achieved the Advanced or Premier Partner membership level will renew to their current membership level if they have met the respective annual requirements for that level. Advanced and Premier Partners who are not meeting the requirements for their level of membership upon the annual membership renewal may be assigned a lower level of membership.

PARTNER PROGRAM STRUCTURE

Business Partnership

The Red Hat Partner Program Latin America offers multiple partnership programs – Solution Provider, Training and Certified Cloud Service Provider (CCSP). The additional partnership

Red Hat
Latin America
Partner Program and
Enablement Team

may be added to the Partner Program in future phases. This document is the Partner Program Guide for the Solution Provider Program.

Membership Levels

The Red Hat Partner Program offers a flexible structure designed to accommodate our partners individual business models and is composed of three partnership levels.

Red Hat

Ready

Business Partner

Ready Business Partner: The Ready Partner level enables you to grow your Red Hat enterprise open source practice while building Red Hat Datacenter Infrastructure, Middleware Solutions, and Cloud Infrastructure competencies. The Ready partnership is the entry membership level and offers partners access to a variety of resources, marketing collateral, tools, and benefits.

Red Hat

Advanced

Business Partner

Advanced Business Partner: The Advanced Partner level provides an increasing set of benefits for building Red Hat business plans focusing on growing both renewals and identifying and closing new opportunities. Advanced partners enjoy enhanced benefits, plus access to additional resources designed to help them build enterprise open source practices and increase revenue.

Red Hat
Latin America
Partner Program and
Enablement Team

Red Hat

Premier

Business Partner

Premier Business Partner: The Premier Partner level is for partners who have a strategic relationship with Red Hat. These partners are heavily invested in driving new opportunities and contribute the most to Red Hat's partner ecosystem. They receive the highest level of visibility at Red Hat, for which they have the ability to purchase directly from Red Hat, as long as they meet the required credit conditions.

Partnership Level Advancement

All partners who have successfully completed the integration process begins at the Ready Business Partner level and to be considered for Advanced or Premier partnership levels, the partner must fulfill the required items of the current category during the year and be qualified to meet the items in the next category will also take into account compliance with commercial rules defined throughout the year, financial receipts and payment of payments on time (exceptions may apply).

A review will be conducted once a year to assess the partner's performance against the requirements of their partnership level and it is up to Red Hat to determine whether to be promoted to the next level. If the partner is approved to be in another category, they will begin receiving benefits associated with the new program level.

The Partner Audit is a process lead by the Partner Program Team to review of all active partners who meet the following requirement:

- Quota Achieved: According to ROE.
- Accreditation: According to ROE.
- Complete Business Partner Integrity Training

According to the performance, PAMs, and local GPA leaders will join with the Partner Program Team to define if the partner should be upgraded or downgraded based on performance achieved available in the analyses, financial payment histories, and other requirements.

PARTNER PROGRAM BENEFITS

The Red Hat Partner Program offers benefits designed to assist you in developing enterprise open source practices around Red Hat Infrastructure and Middleware solutions. As a Ready Partner, you will receive access to marketing collateral and training resources. The Advanced Business Partner's increased commitment to Red Hat is rewarded with enhanced benefits.

ACCREDITATION

Red Hat Partner Accreditation is earned when individuals at your company take a prescribed combination of training courses. Partner accreditation provides your company with a method to validate your capabilities in a globally recognized program.

Your customers can review your accreditations and be confident that you have the skills and capabilities needed to implement the proposed solution.

Role-Based Accreditation

Designed for individual employees, role-based accreditations are a subset of partner-level accreditations. There are three accredited roles: sales specialist, sales engineer specialist, and delivery specialist. You need to complete all of the courses in a role-based curriculum track to earn recognition as an accredited Red Hat Partner Specialist.

- Red Hat Sales Specialist: Includes value pitch, sales qualification, competitive positioning, objection handling, and pricing.
- Red Hat Sales Engineer: Includes technical sales, technical qualification, competitive positioning, objection handling, pricing, how-to demonstration, and product knowledge.
- Red Hat Delivery Specialist: Includes product installation, application development, proof-of concept delivery, and solution architecture.

Within each subject matter area, several different curriculum tracks are available for each role. For example, you can earn a Red Hat Sales Specialist-Middleware Application Development or a Red Hat Sales Specialist-Datacenter Platform Migration. Skills outcomes differ within each specialty.

APPENDIX 1: BENEFIT DESCRIPTIONS

Economic Benefits

Special bid pricing eligibility

Partners may benefit from a “sell with” approach on large enterprise prospects and therefore be eligible to request special bid pricing from Red Hat through their Red Hat channel account managers to help close large sales opportunities. Partners unaffiliated with the Red Hat Partner Program described in this document are not eligible to receive special bid pricing.

Deal registration pricing eligibility, tiered by level

Red Hat’s deal registration program rewards authorized partners for identifying qualified new subscription opportunities. The reward is an incentive benefit consisting of an additional discount that can increase the partner’s margin on that specific subscription opportunity for the initial sale in the commercial sector, for the public sector is not available additional discount.

Renewals annuity business

Red Hat products are sold on a subscription basis. As a partner, every subscription you sell is eligible for subscription renewal revenue upon expiration. This provides you with an excellent opportunity to engage deeper with customers on a periodic basis and develop an annuity revenue stream.

Funded Red Hat eligibility

Advanced and Premier Partners who put a Red Hat champion in place to focus on expanding Red Hat business opportunities and driving revenue within the partners customers and prospects will be considered for MDF reimbursement funding, based on a mutually agreed-upon business, marketing, and training plan.

Technical training certification discounts

Improve the technical knowledge of your staff through discounts off the MSRP price on Red Hat Training courses.

Discounts on Red Hat Consulting Services

In certain sales situations, Red Hat and partner may agree to engage Red Hat Consulting with specific opportunities and the partner may earn discounts on that consulting engagement. This allows partners to sell Red Hat Consulting services to increase the deal size, add more value, and compliment the partner services.

Direct subscription purchase eligibility

In certain sales situations, Premier Partners may sell directly to the customer without a distributor, but each opportunity will be evaluated by Red Hat and the partner must have credit with Red Hat to transact the opportunity.

Relationship Benefits

Participation in conferences and events

Red Hat regularly sponsors a variety of industry events and conferences to promote brand awareness and acquire new customers. As part of your membership, you will be provided with the opportunity to participate in roles ranging from presenting Red Hat solutions, to hosting open source discussions, to demonstrating your specific services that compliment Red Hat offerings.

Assigned field partner account manager (PAM)

Advanced and Premier Business Partners will have access to a Red Hat inside or field partner manager who acts as a point of contact within Red Hat, conducts business planning with the partner, and assists the partner to help them make the most of the Red Hat Partner program.

Onboarding Journey

Solution Provider Partners who joined the Solution Program as Ready received the orientation to be aware of the Program Guide and the current ROE, marketing information, Deal Registration Program, and Red Hat Portfolio.

Sales Benefits

Web listing, Partner Locator

Gain exposure through visibility in the redhat.com partner search function. Potential customers looking to engage Red Hat partners may search based on geography or other factors. Premier Partners will enjoy enhanced positioning in partner searches.

Red Hat Partner Connect access

Red Hat Partner Connect Portal is an online content repository and partnership management tool. In the Red Hat Partner Connect Portal, you will find an array of program, product, marketing, and sales resources for the Red Hat partner community. The Red Hat Partner Connect Portal serves as your primary source of information regarding Red Hat, our product offerings, and our marketing campaigns. Red Hat Partner Connect Portal also lets you administer your partner relationship with Red Hat, including applying for and receiving acceptance notices for higher membership levels and specializations and facilitating other important communications with Red Hat.

Product roadmap updates

Partners will have the opportunity to participate in Red Hat product roadmap webinars given periodically throughout the year

**Red Hat
